

# Memorial Reefs Terms & Conditions

## **The Reef Environment**

Our Memorial Products are engineered to withstand ocean conditions. The Memorial Reef system designed by the Reef Ball Foundation has a long history of stability in the most severe weather. Unforeseeable weather and/or accidents may impact your Memorial Reef. Under no circumstances will Memorial Reefs International LLC be liable for any damage or movement of any Memorial Reef after placement.

## **Possession of your Memorial Reef**

Once it is submerged, your Memorial Reef becomes an integral part of the ecosystem. The regulatory conditions of our government permits require us to not disturb the Memorial Reefs once they are placed on the ocean floor. As such, once your Memorial Reef is dedicated, it legally becomes part of the ocean environment and is considered a permanent part of the reef. You or your estate may not claim ownership or remove or modify your Memorial Reef once it is added to the ocean.

## **Locations**

We will only accept orders for locations that are currently permitted for our artificial reefs. Government and legal issues may arise that make a chosen location unavailable after your order has been placed. If that occurs, we will offer you a choice of our other global locations or dedicate it to the reef closest to your chosen location.

## **Transportation of Cremated Remains**

Memorial Reefs International LLC will treat your loved ones' cremated remains with the utmost care and reverence during all phases of the memorial process. Memorial Reefs International LLC is not responsible for cremated remains being lost or delayed during shipment to our location.

## **Force Majeure**

Memorial Reefs International LLC reserves the right to cancel and reschedule a dedication for situations beyond our control.

## **Photos and Video**

I agree that Memorial Reefs International LLC or any of its partners has the right to any photos or any video/sound footage of the Memorial Reef and its dedication. These photos, video footage, and sound materials may be used for any marketing purposes. The Terms and Conditions Form shall be construed broadly to provide a release and waiver to the maximum extent permissible under applicable law.
